Luther High School Annual Asbestos Notification July 2021

Per the Environmental Protection Agency - Part 763 - Asbestos - Subpart E – Asbestos Containing Materials in Schools - 763.84 General local education agency responsibilities, (c) The local education agency must ensure that workers and building occupants, or their legal guardians, are informed at least once each school year about inspections, response actions, and post-response action activities, including periodic re-inspection and surveillance activities that are planned or in progress.

As such an annual asbestos notification will need to be sent or posted in order to inform workers and building occupants, or their legal guardians about inspections, response actions, and post-response action activities, including periodic re-inspection and surveillance activities that are planned or in progress.

The sample below can be used for publication in the district's newspaper of record and/or the school newsletter and/or the school district website.

Be sure to keep a dated copy of any published notifications and file them with your management plan.

Asbestos Notification

In compliance with the United States Environmental Protection Agency (EPA) and the Asbestos Hazard Emergency Response Act (AHERA), this is notice that the Luther High School has an Asbestos Management Plan at the school district office. The plan is available for inspection by the public, parents, and district employees. The district performs six month periodic surveillance of asbestos in and full re-inspections every three years. For more information please contact the district office.

If there are any scheduled changes in your district, such as abatement projects or other asbestos activities, please do not hesitate to contact me for assistance.

Indoor Environmental Quality Management Plan
Luther High School
2021 Annual Notice**

The Luther High School can use a website, student handbook, local newspaper, or other appropriate means to notify students, staff, and the community that the district has an IEQ management plan in place. This annual publication is part of the Luther High School's communication plan within the IEQ Management plan.

The Luther High School would like to inform staff, students, parents, and the public of the district's indoor environmental quality (IEQ) management plan. The plan was initially developed in 2013 and is reviewed as necessary. The plan was developed as deemed appropriate for the district. Questions and concerns should be directed to the IEQ Coordinator. Copies of the plan are available at the district office for a fee. The district office is located at 1501 Wilson Street, Onalaska, WI, 54650-8757.
